

Funding Strategy

- Have undertaken pre-funding during FY2022-23 to manage refinancing risk.
- Tap existing even year Select Lines to circa \$4 billion initially, building to \$4.5 billion in future years.
- Supplement existing 2027 maturity bucket with AONIA FRN's, initially targeting \$3 billion in each maturity bucket, building to \$4-4.5 billion in future years.
- In FY2023-24 consider issuing new odd year fixed rate lines into the 2029 maturity and beyond, supplemented with AONIA FRNs.
- Consider longer dated non-benchmark issuance out to 2052.
- Actively manage liquidity including being pre-funded for a term maturity 12 months prior through asset purchases and public buybacks of shorter dated lines.
- Review debt issuance methodologies.
- Provide markets with clear and transparent communication.

**SAFA WILL NOT BE ISSUING LONG TERM DEBT IN ANY FORMAT PRIOR TO THE RELEASE OF THE SA STATE BUDGET ON 15 JUNE.
SAFA WILL BE PROVIDING A FY2023-24 FUNDING UPDATE FOLLOWING THE RELEASE OF THE BUDGET**
