

Funding Strategy

- Tap existing even year Select Lines to circa \$4-\$4.5 billion.
- Build odd year fixed rate benchmark curve starting this financial year with a new May 2029 maturity.
- Supplement odd year buckets with AONIA FRN's, targeting \$3-3.5 billion in the odd calendar years, including a new June 2029 line.
- Will not issue 2025 or 2027 fixed lines. Consider taps of the 2027 AONIA line.
- Consider longer dated non-benchmark issuance out to 30 years.
- Actively manage liquidity including being refinanced for a term maturity 12 months prior through asset purchases, and public buybacks of shorter dated lines.
- Deliver on ESG Strategic Project.
- Provide markets with clear and transparent communication.

SAFA WILL NOT BE ISSUING IN BENCHMARK FORMAT IN THE WEEK COMMENCING 10 JULY 2023
